# Women's Link

A Bi-Annual Peer Reviewed Journal

(Vol. 29, No. 1) - JANUARY 2022

### NON-THEMATIC

The forthcoming non-thematic issue proposes to engage in an interdisciplinary manner with the varied ways in which women continue to face marginalisation in the socio-economic, cultural and political arena. Around the world, millions of women, irrespective of their age-groups, social classes, locations or cultures face a series of risk factors ranging from physical and psychological violence, sexual abuse and coercion to human trafficking. Women's vulnerability is little addressed in the developmental policies of governments and the capitalist expansion of market economies. We invite papers that critically engage with these and other related issues and offer fresh insights into the debate on the status of women in India and around the world. Some of the sub-themes the issue hopes to examine are:

- Women and Democracy
- Globalization and Gender inequality
- Women, Violence and Vulnerability
- Representation of Women in Popular Media
- Gender Justice and Empowerment
- Rethinking Gender Equality in terms of Inclusion, Diversity, Equity & Accessi-bility
- Women's Participation in Public Life & Shifts in the Social, Political and Eco-nomic Environment
