Organizing a conference is an annual activity of the Centre for Interdisciplinary Research in Basic Sciences, Jamia Millia Islamia on Interdisciplinary themes and the present one will be the 4th International Conference of the Centre other than 5 National conferences held earlier. Here is the announcement for the International Conference on Nanobiotechnology, which will be held at **S. Ramanujan Block, Jamia Millia Islamia, New Delhi**, during 5 & 6 February 2018. We extend cordial invitation to all of you to interact with leaders in the field by participating in this International Conference being organised. The detailed information can be seen at www.conf.jmiiqac.ac.in

Conference Focus

Research on nanomaterials has come to the front of R & D activities due to their key application in all spheres of technology with especial emphasis on bio-related applications. Advancement in the synthesis/device technology in sync with biotechnology is most exciting field having strong potential to change the socio-economic scenario. The conference is to provide a common platform for Scientists, Engineers, Technocrats and Industrials belonging to different disciplines and sectors to discuss wide range of topics on nanotechnology and emerging biotechnology from fundamental to the technological and industrial applications. This is the continuation of the conferences on the interdisciplinary topics organized by the Centre in the past.

Chief Patron

Prof. Talat Ahmad, FNA
(Vice Chancellor, JMI)

Patron

Prof. Shahid Ashraf
(Pro-Vice Chancellor, JMI)

Chairman

Prof. Shafeeqe Ahmed Ansari
General Secretary/Convenor
Prof. Z. A. Ansari

Topics

- Synthesis and Fabrication of Nanomaterials
- Nano-biomaterials and Devices
- Bioimaging
- Biopolymers and nano-bio-composites
- Nano-bio electronics
- Nano-drugs and delivery systems
- Nano-biomedicines
- BioMEMS and BioNEMS
- Nano-bio energy conversion
- Nano Toxicity & Bio-Compatibility Issues
- Simulations of nano and nano-bio-systems
- Topics on interdisciplinary approach

International Advisory Committee

Dr. M. Tomitori (Japan)
Dr. Toyoko Arai (Japan)
Dr. T. Yamazaki (Japan)
Dr. H.S. Shin (South Korea)
Dr. O-Bong. Yang (South Korea)
