About the Institution

Jamia Millia Islamia (JMI) was established in 1920. Jamia Millia Islamia is one of the few educational institutions which came into being in response to the nationalist call of freedom struggle to boycott educational institutions supported or run by the British colonial rule. Its mentors, teachers and students played a vital role during the Indian struggle for independence. It became a Central University by an Act of Parliament in 1988. In Urdu, Jamia means 'University', and Millia means 'National'. Jamia has nine faculties namely, Education, Humanities & Languages, Natural Sciences, Social Sciences, Engineering & Technology, Law, Architecture & Ekistics and Dentistry. Besides, it has 30 centres of learning and research. Jamia Millia Islamia has been ranked at the 12th position among Universities in the country and stands 6th among Central Universities as per the MHRD's National Institutional Ranking Framework (NIRF) India Rankings Report-2018.

The Faculty of Law was established in 1989. Over the past three decades, the Faculty has made significant progress in order to give due emphasis to the expanding horizons of the legal profession. In its continuous endeavours in this regard, the Faculty has since introduced a **Five-Year Integrated B.A.LL. B (Hons.) Programme** from the academic session 2002-2003 thereby replacing the three-year LL.B. Course; a two-year **Post-Graduate Programme (LL.M.)** in three specialized streams of Personal Laws, Corporate Laws and Criminal Laws and a **Ph.D. Programme**, both having commenced from the academic session 2000-2001. The Faculty of Law has also started the LL.M. (Executive) Programme for legal professionals from the year 2017. **LL.M. (Executive) Programme** presents a unique opportunity to specialize in the core topics of legal practice and to do so through a flexible structure that accommodates the demands of professional life.

JMI's Faculty of Law is one of few law faculties that are preparing to offer a new **Post Graduate Diploma in Labour Laws (PGDLL)** from the year 2018 to equip students/professionals with the knowledge and capacities required to act as dispute resolution practitioners, including arbitrators, mediators and conciliators. As a holistic occupationally directed programme, it will produce graduates ready to practice after undergoing the basic practical exposure considered necessary by the industry.

The scientific and technological developments in the field of air and space are so rapid that they have posed challenge to the legal fraternity. The constant increasing volume of disputes in the field of air and space has also resulted in the manifold increase in the legal practitioners working in the field of air and space in the developed countries like United States, United Kingdom, Canada, Russia, Japan, France, Australia etc. Keeping this in mind, the **Post Graduate Diploma in Air and Space Laws (PGDASL)** is a unique initiative undertaken at Faculty of Law, JMI, New Delhi. The Course is designed to provide an in-depth understanding of Air Law and Space Law along with some fundamental principles of public international law related to air and space. The course would be extremely useful to the candidates having wide-ranging background from legal to scientific. **The Faculty of Law, JMI has been placed at 6th position in the MHRD's National Institutional Ranking Framework India Rankings Report-2018.**
