***Jamia Millia Islamia***  
***An Overview***

In 1920, the Jamia Millia Islamia (JMI) was established in Aligarh by a group of Prominent Muslims. Though it shifted to Delhi five year later, the foundation stone of the present campus was laid on March 1, 1930. Since its inception, the institution has grown and expanded rapidly. In 1962, the University Grant Commission granted Jamia the status of a “deemed a university” in recognition of the institution’s academic endeavor. In 1988, an Act of Parliament declared Jamia a Central University. Today the university has come to symbolize the best academic and cultural tradition that can be included by a progressive and liberal education institution. It represents a spirit of learning that blends tradition with modernity, humanities with liberalism and nation building with professionalism.

**Contemporary Jamia**

Jamia has evolved and expanded remarkably over the years. Centers aimed at research have been added to the earlier faculty-departments structure, creating a multi-layered educational system which begins with primary school and continues till doctoral research. Today there are nine faculties, with more than three dozen departments within them, and twenty-five centers. Faculties and Centers together run undergraduate, postgraduate, M. Phil. and Ph.D. programmes, along with diploma and certificate courses. Their focus is on research and professional training. In February, 2011 the National Commission for Minority Educational Institution declared Jamia as a minority Institution which by implication means that Jamia can now reserve 50% seats for students of the Muslim community, the University remains committed to modern education and its implicit stated values of nationalism & Secularism. Almost twenty thousand students are enrolled in the University. The Jamia’s academic community coalesces with its administrative arm to strengthen a system of education that is modern, professional and integrative. Jamia’s strength lies in its ability to cull from the past in order to address the present and forge the future. It aspires to produce alumni who are not only academically proficient but who are also responsible citizens shaping the India of the twenty-first century.
