## ABOUT UNIVERSITY

**Jamia Millia Islamia** is a public central university in New Delhi. It was established in **1920** at **Aligarh** and moved to **Karol Bagh** in **1925**, later developing its main campus in **Jamia Nagar, Delhi**. In 1988, it became a **Central University** by an Act of Parliament. Today it is a **NAAC A++** accredited university (2021) offering education from school level to PhD. The university has faculties in **science, engineering, social sciences, humanities, law, education, architecture, fine arts, dentistry,** and **management,** along with the renowned AJK Mass Communication Research Centre and **30+ research centers**. It conducts entrance tests for admission to various programs and promotes **secular, modern,** and **inclusive education**.

## ABOUT DEPARTMENT

The **Department of Environmental Science, Faculty of Engineering and Technology,** Jamia Millia Islamia, was established in **2020** to meet the growing demand for **environmental professionals**. Integrating knowledge from **physical, chemical, biological,** and **atmospheric sciences,** the department offers **M.Sc. Environmental Science, M.Tech. Environmental Health Risk & Safety Management,** and **Ph.D. programs.** Its curriculum emphasizes theoretical foundations, analytical skills, and interdisciplinary training across areas including air and water quality, environmental health, climate science, and sustainability - with a strong focus on **experiential learning** and **real-world application**.

## ABOUT CONFERENCE

The Department of Environmental Science, Faculty of Engineering and Technology, **Jamia Millia Islamia**, is organizing a **Two-Day National Conference** on the occasion of **Earth Day**, scheduled on **22–23 April, 2026**.

The conference will be held on the theme

**“Environmental Sustainability in the 21st Century: Science, Society and Solutions”**.

It aims to provide an academic platform for discussing contemporary environmental challenges and exploring sustainable, science-based solutions. The conference will bring together **academicians, researchers, scientists, policymakers**, and **students** from Central and State Universities, as well as government and private institutions across the country. It seeks to promote interdisciplinary dialogue and knowledge exchange on issues related to **environmental sustainability, climate change, biodiversity conservation**, and **sustainable resource management**. The conference will include lead lectures, oral presentations, poster presentations and round table discussions offering participants an opportunity to present their work and engage in scholarly discussions. The conference aims to foster collaboration and promote innovative approaches toward sustainable environmental management in the **21st century**, a gathering that promises to inspire and drive meaningful discussions on today’s most pressing environmental challenges globally

## THEMES

1. **Earth System Science and Environmental Change**
2. **Environmental Biotechnology for Sustainable Innovation**
3. **Environmental Microbiology and Molecular Biology**
4. **Pollution Dynamics, Toxicology and Human Health**
5. **Climate change, Resilience and Sustainability Transitions**
6. **Environmental Governance, Policy and Community Engagement**
7. **Ecology, Biodiversity Conservation and Ecosystem Restoration**
8. **Indigenous Knowledge and Nature-Based Solutions**
9. **Energy, Technology and Circular Economy**
10. **Disaster Management and Mitigation Strategies**

# TIMELINE FOR THE CONFERENCE

**April 15, 2026**

**Extended Deadline:** Last date for Abstract Submission AND Event Registration.

**April 22, 2026**

**Earth Day:** Conference Day 1 Commences.

**April 16, 2026**

**Notification of Acceptance**  
(Rapid 24-hour turnaround).

**April 23, 2026**

Conference Day 2 & Concluding **Round Tables**.

## DELEGATE FEES MATRIX

**TIER 1: Faculties / Scientists-**

**₹ 2000**

**TIER 2: Research Scholars-**

**₹ 1000**

**TIER 3: Students-**

**₹ 500**

**TIER 4: Industries-**

**₹ 5000**
