Alumni Lecture Series # 01

Transforming Cities with Transit

Chennai Metros Role in Urban Regeneration

By **Sulthan Ahamed**
Lead Architect, Systra India

Sulthan Ahamed is a distinguished alumnus of M.Arch. Urban Regeneration. His thesis was on the Chennai Central Precinct Regeneration. He pursued his passion by working in many Metro projects in India namely Lucknow, Nagpur and Chennai. In this lecture he will be discussing how Metro projects regenerate a city using Chennai as case study.
