SPSS

SPSS FDP on Research and Data Analysis Using SPSS 18.0

Department of Psychology, Jamia Millia Islamia- New Delhi in collaboration with SPSS are organizing a workshop on 7th December, 2010. The program is aimed to provide training on the use of SPSS in research and data analysis.

Jamia Millia Islamia, an institution originally established at Aligarh in United Provinces, India in 1920 became a Central University by an act of the Indian Parliament in 1988. In Urdu language, *Jamia* means 'University', and *Millia* means 'National'.

The story of its growth from a small institution in the pre-independence India to a central university located in New Delhi—offering integrated education from nursery to research in specialized areas—is a saga of dedication, conviction and vision of a people who worked against all odds and saw it growing step by step. They "built up the Jamia Millia stone by stone and sacrifice by sacrifice," said Sarojini Naidu, the nightingale of India.

SPSS Inc. (NASDAQ: SPSS) is a leading global provider of predictive analytics software and solutions. The company's predictive analytics technology improves business processes by giving organizations consistent control over decisions made every day. More than 250,000 public sector, academic, and commercial customers rely on SPSS technology to help increase revenue, reduce costs, and detect and prevent fraud. Founded in 1968, SPSS is headquartered in Chicago.

Program Description:

This program is meant to introduce research and data analysis using SPSS. Topics such as Data Preparation, Basic Analysis and Advanced Analysis overview are included in this.

Duration and Cost:

- 1 Day (7th December)
- 9:30 a.m. to 5:30 p.m. each day

A nominal participation fee of **Rs. 100/-** per head would be charged from the participants.

E- Mail or telephonic confirmation to the host Institution by the participants on or before **December 6th** shall be appreciated.

Who Should Attend:

Anyone with little or no experience using SPSS Statistics. Especially useful for those new to using a statistical package for data analysis or to using the SPSS Statistics graphical user interface. Also recommended for those considering purchasing SPSS Statistics and Research Scholars.

Venue: Committee Room
Nehru Guest House
Jamia Millia Islamia

TOPICS TO BE COVERED IN THE FACULTY DEVELOPMENT PROGRAM

PHASE - I	PHASE - II
1. Introduction to SPSS	1. Inferential Statistics
2. Data & its Types	2. Correlation & Regression
3. Data Accessing	3. Factor
4. Data Cleaning	4. Cluster
5. Data Transformation	5. Discriminant/Logistic Regression
6. Visual Interpretation of Data	6. Classification Tree
7. Reporting	7. Time series
8. Tables	8. Neural Networks
9. Summary Statistics	9. Non Parametric Tests

Discussion Forum- Addressing queries on the above program

SPSS WORKSHOP ON RESEARCH AND DATA ANALYSIS USING SPSS 18.0 (Response Form)

Yes, I would like to confirm my participation in **Research & Data Analysis Using SPSS**, Organized by **Department of Psychology, Jamia Millia Islamia, Delhi** in association with **SPSS South Asia**, Bangalore.

PS: Kindly mail to mgshahnawaz@gmail.com to confirm your participation.

Please submit this form duly filled up along with a Registration fee of Rs. 100 /- per participant on or before 6th December 2010.
