As a part of the same I attend the home care service as and when I get time. So far I have attended 6 home care services. **Organized one orientation programme in the University of Kerala.**

- Active part of a **local savings system** in which a group of villagers decide to contribute a specified amount and the same will be given to one of them by taking lots. - **Private Scholarship and Monetary Help:** I am a part of network of people who help and support the needy people by supporting the needy students for meeting the financial needs. I contribute very nominal but I can request my friends who are in good financial status to contribute, and that works well.
