The National Council for Teacher Education (NCTE) notified on 15th March 2024 that the online portal for inviting applications for the fourth phase of ITEP from multidisciplinary institutions for the academic session 2025-2026 r-1/s 14 and 15 of the NCTE Act 1993.

The National Education Policy 2020 highlights, "Teacher education is vital in creating a pool of school teachers that will shape the next generation. Teacher preparation is an activity that requires multidisciplinary perspectives and knowledge, formation of dispositions and values, and development of practice under the best mentors. Teachers must be grounded in Indian values, languages, knowledge, ethos, and traditions including tribal traditions, while also being well-versed in the latest advances in education and pedagogy" [Para 15.1, NEP 2020].

Four-Year Integrated Teacher Education Programme (ITEP): "Recognizing that the teachers will require training in high-quality content as well as pedagogy, teacher education will gradually be moved by 2030 into multidisciplinary colleges and universities" [Para 5.22, NEP 2020]. "The 4-year integrated B.Ed. offered by such multidisciplinary HEIs will, by 2030, become the minimal degree qualification for schoolteachers. Nomenclature of Degree Awarded: As the ITEP being a Dual-Major programme with School Stage specialisation, it will lead to the award of one of the following Degrees, depending on the chosen discipline of study and Stage Specific specialisation.

B.A.B.Ed. (Foundational Stage with Major in)	B.A.B.Ed.(Preparatory Stage with Major in)	B.A.B.Ed. (Middle Stage with Major in)	B.A.B.Ed. (Secondary Stage with Major in ...)
