## Offg. Vice Chancellor's Message for Viksit Bharat@2047

**Viksit Bharat@2047** is the vision to make India a developed nation by 2047, the 100<sup>th</sup> year of independence. The vision encompasses various aspects of development including economic growth, social progress, environmental sustainability and good governance.

The Prime Minister's vision is to actively involve the youth of the country in the formulation of national plans, priorities and goals of the country. '**Viksit Bharat@2047:Voice of Youth**' initiative provides a platform to the youth of the country to contribute their ideas to the vision of **Viksit Bharat@2047**. The Prime Minister firmly believes that the youth power is the agent of change and also the beneficiaries of change.

Jamia Millia Islamia in the ongoing Amrit Kaal is all set to bring about a transformative change in the domains of education and community service in accordance with the principles laid down in the **National Education Policy 2020**. Jamia offers its youth a platform to voice its goals, resolutions and articulations for the Developed India keeping the national interest paramount. The university is conscious that the 25 years of Amrit Kaal that lies in front of us seeks 24x7 engagements of the youth with the goal of **Viksit Bharat@2047**. The institution is continuously striving to create an eco-system for the successful execution of the campaign through its meaningful interventions in respect of **Unnat Bharat Abhiyan (UBA) and Ek Bharat Shreshtha Bharat (EBSB)**. The youth in the Jamia Millia Islamia realizes the importance of the 'present time' which is the 'right time' to initiate efforts towards the realization of the avowed goals as envisioned by the honourable Prime Minister of India.

We in the institution have set up an **Ideation Center** to enable the students to have a free-wheeling exchange of ideas for the Developed India. All these ongoing exchanges are being electronically documented and archived on the website for public viewing. A large number of students have given their feedback as per the prescribed format on the **gov.in** portal in consonance with the mandate for educational institutions in the country.

All our academic and extra curricular activities are now being held under the aegis of **Viksit Bharat@2047**. We propose to continue with all such activities in an enthusiastic manner by bringing other stakeholders on board. Our students would be engaging with their counterparts in other educational institutions in Delhi and beyond to take the campaign forward. A blueprint for a meaningful engagement and intervention is being worked out for the five villages adopted by the University through a collaborative exercise of students and teachers in the departments/centers of the varsity along with the NCC and NSS volunteers. The villages adopted are Aali, Meethapur, Jaitpur, Molarband and Tajpur that are in the neighbourhood of the university. We are committed to make **Viksit Bharat@2047** campaign hugely successful for the realization of Developed India in all aspects of life.

The outreach program of the university will have direct engagement with the farmers in the adopted villages and also seek an engagement with the women coming from the disadvantaged sections of the society in the neighborhood community.

**Jai Hind**
