The NextGen Life Sciences Pvt. Ltd.

The NextGen Life Sciences is an ISO 9001:2015 certified company, started in 2014 to become a frontrunner in the distribution of innovative biological products and services for the Life Science Research and Molecular Diagnostic market. The Company is poised to become one-stop-solution to cater to the research needs of the scientists in the area of Molecular Biology, Cell Biology, Immunology, Healthcare, Drug Development and more. The Company delivers the right products with complete precision and accuracy to facilitate research to advance human health, and the healthcare industry as a whole. The Company also provides complete solutions in Instrumentation, Reagents, Next Generation Sequencing Services, Bioinformatics, and customized solutions to Scientists and Researchers. The Company's ultimate focus is to provide high quality and innovative products and services at a competitive price in a timely fashion to its customers.

The Company aims to bridge the gap between the needs and challenges of the researchers of the Life Science/Biotech Industry, and assist the scientists to gain insight on the recent innovations and technologies, assuring a sound knowledge of the subject matter. With its presence in North India, it is planning to expand its network in West and South India as well. NextGen has launched its own brand products of International standard last year, and is keen to add more products in its portfolio. The NextGen is focusing on Colleges and Universities as well to create awareness among young minds about new technologies and their applications. The NextGen is helping young generation through trainings and short-term internship programmes relevant to Life Science and Biotechnology Industry.

4. COMMENCEMENT AND DURATION

This MoU shall commence from 02 June 2026 and be valid initially for maximum period of five years. However, it can be extended by mutual agreement. Any cessation of the MoU by either Party shall be notified in writing to the other Party at least 10 days in advance.

5. CONFIDENTIALITY

Both the Jamia Milia Islamia and the NGLS acknowledge that any information disclosed by or on behalf of any of the Parties, which are not in the public domain, will remain confidential, and may not be used or disclosed to any other Party. Any scientific data exchanged/shared between the Parties for collaborative academic guidance will not be transferred to the third party without consent of the Jamia Milia Islamia and the NGLS.

6. GENERAL CONSIDERATIONS

- The MoU is essentially a collaborative partnership venture between the JMI and the NGLS. Therefore, any matter not covered specifically under this MoU, will be settled by mutual discussion.
- This MoU does not constitute a legal or contractual obligation on the part of either Party.
- Dispute arising out of this MoU, if any, shall be amicably settled jointly by the JMI and the NGLS team.

7. INTELLECTUAL PROPERTY RIGHTS AND PUBLICATIONS

- a. "Content" means any and all information and data, which may include but not be limited to text, software, scripts, graphics, maps, photos, sounds, music, videos, logos, offers, advertisements, interactive features,

and other materials. Each Party shall be the absolute owner of the IPR for its own content created through the programme.

- b. In case of research is carried out solely and separately in part or the research results are obtained through the sole and separate efforts of the Party, the Party concerned alone will apply for a grant of IPR, and once granted, the IPR will solely be owned by the part concerned.
- c. In case of research results obtained through joint activities, the grant of IPR will be sought by both the Parties jointly, and once granted these rights will jointly be owned by the Parties.
- d. Any publication, document, and /or paper arising out of joint work conducted by the Parties pursuant to this MoU, will be jointly owned. The use of the name, logo and /or official emblem of the Parties on any publication, document and/or paper will require prior permission of both the Parties. It may, however, be ensured that the official emblem and logo are not misused.
- e. The Parties agree to ensure appropriate protection of IPR generated from such cooperation consistent with respective laws, rules, and regulations and other agreements to which both Parties are signatories.

8. RESPONSIBILITIES

As per the need, the JMI and/or the NGLS will initiate interactions for:

- Collaborative academic and research activities
- Training and certificate programs of UG/PG/Doctoral students
- Invited lectures to educate the students, faculty and scientists
- Submission of joint research proposals to funding agencies
- Placement and Training assistance for the Jamia Milia Islamia students
- Development of protocols, product(s), patent and technology
- Any other activities, as mutually decided and agreed upon for benefit of the parties.
