**JMI's Professor of Oral Pathology and Microbiology, Faculty of Dentistry,  
Dr. Aman Chowdhry Secures Prestigious International Fellowship Grant**

New Delhi, December 18, 2025

Prof. (Dr.) Aman Chowdhry, Professor of Oral Pathology and Microbiology, Faculty of Dentistry, Jamia Millia Islamia (JMI) been awarded a prestigious international fellowship by the Japan Dental Association (JDA) for the fiscal year 2026 under its International Scientific Exchange Fund.

The fellowship application was jointly supported by JMI and the Indian Dental Association. The research fellowship will focus on the molecular characterisation of oral dysplastic and malignant lesions, contributing to advancements in oral cancer research. In an official communication, the JDA informed Dr. Chowdhry that its Board of Directors has selected him for the fellowship for the period 2026–2027, which carries a stipend of JPY 150,000/month. The fellowship is regarded as one of the most respected international opportunities for dental researchers, enabling them to enhance their academic pursuits, research expertise, and global scientific engagement.

Congratulating Dr. Chowdhry on this achievement, Professor Keya Sircar, Dean, Faculty of Dentistry, stated that such international fellowships provide invaluable exposure to faculty members. She added that they not only enrich individual expertise but also significantly contribute to the overall academic growth and global standing of the Faculty of Dentistry.

Dr. Chowdhry's selection marks a significant milestone for JMI's dental fraternity, reaffirming the university's commitment to excellence, international collaboration, and high-quality research in oral health sciences.
