Jamia Millia Islamia Secures 69th Position Globally in Times Higher Education Interdisciplinary Science Rankings 2027

New Delhi, November 19, 2026

Jamia Millia Islamia (JMI), New Delhi, has secured the **69th position globally** in the Times Higher Education (THE) Interdisciplinary Science Rankings 2027, reaffirming the university's growing stature and strong presence in the global higher education landscape.

The latest edition of the prestigious THE World University Rankings: Interdisciplinary Science Rankings 2027 has placed JMI among the world's leading universities, reflecting its continued contributions to teaching, research, knowledge creation, innovation and international engagement. The rankings assess universities on key parameters related to interdisciplinary research, including inputs, processes and outputs, highlighting their contributions towards addressing complex global challenges through collaborative and cross-disciplinary scientific research.

JMI's achievement of securing the 69th position globally is a testament to the collective efforts of its faculty members, researchers, students, officers and staff in strengthening the university's academic and research ecosystem. It also underscores the university's continued commitment to quality education, impactful research, innovation and institutional development.

Vice-Chancellor, JMI, Prof. Mazhar Asif, congratulated the faculty members, researchers, students, officers and staff of the university on this remarkable achievement. He appreciated their collective contribution to JMI's performance in the international rankings and reiterated the university's commitment to advancing academic excellence, quality research, innovation, interdisciplinary collaboration and global academic engagement.

Registrar, JMI, Prof. Md. Mahtab Alam Rizvi, extended his congratulations on JMI’s high ranking and stated that it reflects the advancement and cutting-edge research that the university’s researchers have achieved in the domain of science and interdisciplinary science. It is a recognition of the high standard of teaching and research that is maintained and continuously improved year after year by JMI’s faculty who have earned wide national and international recognition.

The Honorary Director, Internal Quality Assurance Cell (IQAC), Prof. Rafat Parveen, congratulated the entire JMI community and acknowledged the dedicated efforts of the IQAC team in coordinating, compiling, validating and facilitating the submission of institutional data and information required for various national and international ranking exercises.

The university also acknowledges the valuable contributions of the IQAC team and staff members of various faculties, departments, centres and administrative units, whose coordinated efforts have played an important role in strengthening JMI's institutional profile and participation in global ranking frameworks.

Jamia Millia Islamia remains committed to further strengthening its academic, research and quality assurance ecosystem and climbing up in its national and international rankings.
