Press Release

JMI organizes a series of professional development, skill enhancement, AI awareness, industry interaction and career-readiness programmes

New Delhi, October 9, 2026

University Polytechnic, a Department under Faculty of Engineering & Technology, Jamia Millia Islamia (JMI), conducted a series of professional development, skill enhancement, AI awareness, industry interaction and career-readiness programmes during August–October 2026 by inviting various experts from Industry in and around Delhi. These initiatives were aimed at providing students with practical exposure beyond the classroom and strengthening their technical, professional, communication and employability skills.

The programmes were organised under the supervision of Dr. M. A. Khan, Principal, University Polytechnic, JMI, and coordinated by the faculty members Dr. Sunil, Dr. Farah Jamal Ansari and Dr. Shane Haider Rizvi.

The programmes provided students with practical exposure and experiential learning, enhancing their technical, communication, professional and employability skills. Students gained knowledge of AI and emerging technologies, cybersecurity and digital safety, communication and presentation, industry practices, career opportunities, and workplace readiness. These initiatives reflect the commitment of University Polytechnic, JMI towards holistic student development by integrating technical education, industry exposure, professional development and career readiness, preparing students for higher education, employment and entrepreneurship.

Under the able guidance of Prof. Mazhar Asif, Vice Chancellor and Prof. Md. Mahtab Alam Rizvi, Registrar, the polytechnic is committed to produce skill workforce in various areas to cater the need of the industry and development of the nation.

Prof. Saima Saeed
Chief Public Relations Officer
